Annette S. Perkins, Member**

**Robert C. Fronk, PE
PSA Director**

Starting October 7, 2014, the Montgomery County Public Service Authority will begin its annual fire hydrant testing and maintenance. This activity is to insure proper operation of the fire hydrants and may take up to three weeks.

Residents may experience discolored water during the fire hydrant testing in their area. If this occurs, residents should run their cold water until it clears, which should only take a few minutes.

Please contact the Montgomery County Public Service Authority at (540) 381-1997 with questions or comments.
